Hi, friends — taking a week off from story to give you a behind the scenes peek at how we created Firebrand.

Part of the break is because our dear Claudia is having a non-emergency surgery that was originally supposed to take place later in the summer and got moved up to this week, so we wanted to create some time in the schedule for her. A new chapter will be up next week followed by another break and then we should be back with a long run toward the conclusion of Season one!

So for now enjoy a look at where this journey started. Here are snippets of the character descriptions Erika and Jessica gave to Claudia and the

design variations she came up with.

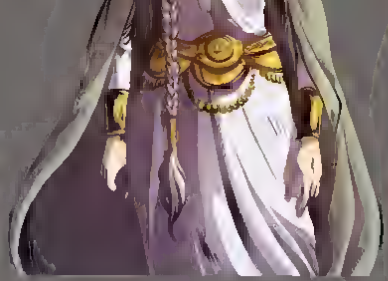
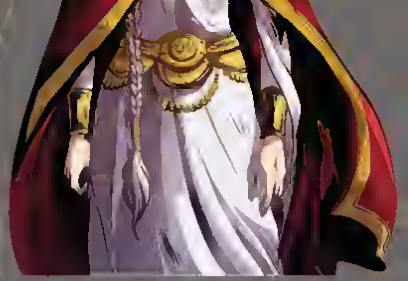
NATALI PRESANO

"With wavy dark hair and sea blue eyes like her mother, Natali is tough. Now 18, she returns to her father's home of Seattle...to fight for the lives of those she cares for the most. Not to mention saving Eder and the human race."





SABINE DRACAR

"One of the Elders in Eder, it is through Sabine that Mari's will is communicated. With long silver hair, worn in a sweeping braid, she carries an enchanted aura and is almost always in her council robes, a cloak that is blood red in color."

JULIEN LAGUN

“Julien, like Natali, comes from mixed blood, human and Sorgin…treated more like a servant in his own home, he was ostracized and taunted by his peers…”

ELYSIA PRESANO

"Selena's sister and Natali's mother...Elysia has long auburn hair, deep blue eyes...a witch of incredible power, Elysia was Ikuzi... she met James Pressley, a mortal human, and fell in love..."

SUGGAR

“Dark skinned, sexy as hell, Suggar is tall, and built…he was in love with the Goddess Mari,

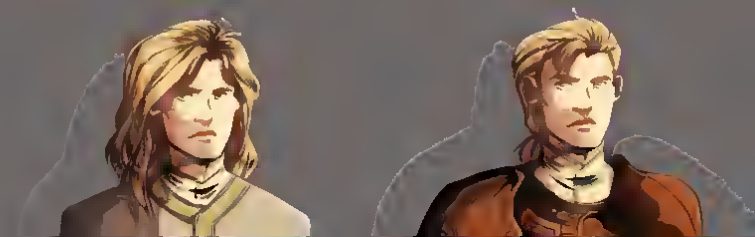
but after two sons and eons of waiting for her to commit to one lover, he moved on, literally, and left Anboto before Soldo's rebellion..."

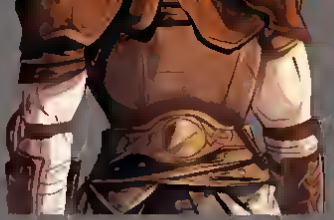
MARCO BACQUE

Selena's husband, Marco is tall with dark curly hair, he's a simple man...he never dreamed that Selena would be drafted into Elysia's role as an Ikuzi after she died..."

JENNA PRESANO

"Selena and Marco's daughter, Natali's first cousin, Jenna was raised to believe she was perfect...with blonde hair and a strikingly beautiful face, she's always impeccably dressed..."





ANTTON MARSAY

“Antton is Jenna’s boyfriend…tall, gorgeous, muscular, a trained warrior and fiercely devoted to Jenna…”

JAMES PRESSLEY

"Natali's father. James wanted to marry Elysia, settle down, and have a family... he lost Elysia and his second wife Judy convinced him to go into politics...Natali's bizzare abilities have always frightened him..."

JUDY PRESSLEY

"Early 30s, platinum blonde hair...Judy has only one agenda, for her husband to someday make it to the White House..."

make it to the White House?
